Cdiff disinfectant tablets

**TOTAL SOLUTIONS**

**EPA regist. No. 71847-6-68562**

**EPA est. 10088-WI-2**

**NSF**

**Kills:**
- **C. difficile**
- **C. difficile**

**Active Ingredients:**
- Sodium dichloro-s-triazinetrione: 48.21%*
- Other Ingredients:
  - Water
  - Sodium hydroxide
  - Citric acid
  - Other stabilizers

**For Use Against:**
- **C. difficile**
- **C. difficile**

**For Use In:**
- Hospitals, nursing homes, operating rooms, isolation rooms
- Veterinary animal and dental offices and clinics, operating rooms, isolation rooms
- Barns, pens, stables, chutes, and other facilities occupied or traversed by animals
- Troughs, automatic feeders, fountains, and waterers

**Storage:**
- Store in a cool, dry, well-ventilated area at a temperature below 40°C / 104°F.
- Avoid freezing.

**Dilution Chart**

**For Use With:**
- Pre-cleaning, hard, non-porous, inanimate surfaces

**Preparation:**
- Prepare a 4306 ppm solution; refer to the dilution chart. Apply to pre-cleared surface with mop, cloth, and/or saturated cloths.

**Instructions for Use:**
- Clean and disinfect surfaces in a proper manner, such as from right to left or left to right on horizontal surfaces, and top to bottom on vertical surfaces.
- Clean is to include vigorous wiping and/or wiping with a clean cloth, mop, and/or saturated sponges.
- Special cleaning instructions for cleaning prior to disinfection against C. difficile.
- See inside panel for additional directions for use.
- See inside panel for additional precautionary statements.

**Danger:**
- Corrosive. Causes irreversible eye damage. Harmful if swallowed, inhaled, or absorbed through skin.

**General Solution Preparation:**
- It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use as directed.

**Special Care:**
- IF IN EYES:
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes;
- IF ON SKIN OR CLOTHING:
  - Remove all animals and feed from premises, vehicles, and enclosures.
  - Remove all feed and food from feeders and waterers.
  - Remove all water from troughs and fountains.
  - Remove all animals and feed from premises, vehicles, and enclosures.

**Regulations for Infectious Waste Disposal.**

**Contact Time:**
- Leave surfaces wet for 1 minute when using a 4306 ppm solution.

**Regulations for Infectious Waste Disposal.**

**Ventilation:**
- Ventilate buildings and other closed spaces. Do not house livestock or pets.

**Pharmaceutical Regulations:**
- The use of this product is subject to the regulations of the U.S. Food and Drug Administration.

**Physical and Chemical Hazards:**
- **DANGER:**
  - Keep out of reach of children.

**Mycobacterium bovis**

**C. difficile**
