Cdff Disinfectant Tablets

Kills C. diff in 4 minutes

Cdff Disinfectant Tablets are the convenient and easy way to kill C. diff and many more organisms in just 4 minutes. These powerful tablets utilize sodium troclosene as the active ingredient and are bleach free. Sodium troclosene is much more stable than sodium hypochlorite (bleach), and releases chlorine at a much slower rate which means that Cdff Disinfectant Tablets produce a solution that maintains disinfecting power for 3 days, in a sealed container, and 24 hours in an open container vs. bleach solutions that become inactive after a day. With a pH of around 6, Cdff Disinfectant Tablets are the perfect disinfectant for virtually any surface, including floors, in hospitals, medical offices, dental offices, clinics, day care centers, nursing homes, veterinary clinics, and more.

Use to Disinfect:
- Hospitals
- Operating rooms
- Animal life science labs
- Vets, zoos and pet shops
- Nursing homes
- Day care centers
- Nurseries
- Veterinary clinics
- Kennels
- Medical research facilities
- Cosmetic, pharmaceutical and medical device manufacturing facilities

Effective Against Bacteria, Viruses and Fungus:
- Clostridium difficile (C. diff)
- Acinetobacter baumannii
- Influenza H1N1
- Escherichia coli O157:H7
- Caravan resistant Klebsiella Pneumoniae
- Herpes Simplex Virus Type 1
- Poliovirus type 1
- Klebsiella pneumoniae
- Salmonella enterica
- Pseudomonas aeruginosa
- Staphylococcus epidermidis
- Hepatitis A & B Virus
- HIV-1
- Enterococcus faecalis (Vancocycin Resistant)
- Trichophyton mentagrophytes
- Respiratory syncytial virus
- Staphylococcus aureus (GRSA & MRSA)
- Infectious Canine hepatitis
- Viruses
- And many more

Features and Benefits
- A broad-spectrum disinfectant, virucide and mildewcide.
- Effective in both hot and cold water.
- Disinfects and protects against odor.
- 3 year shelf life
- Ships DOT non-hazardous
