FOOD SERVICE
THE ATHEA® ADVANTAGE

ATHEA®'s Food Service program is comprised of essential products designed for cleaning any application from restaurants and bars, to industrial kitchens or food processing plants. From liquid and powdered dish detergents and sanitizing rinses, to specialized cleaners for beer lines, drains, and freezers, to essentials like crème cleansers, hand soaps, and surface sanitizers, ATHEA®'s products deliver the professional performance you and your customers demand. And with numerous NSF Certified Food Service products, plus many additional certified products across our other lines, you can be confident that you’re providing your customers with the very best products available. With nearly 50 years of chemical manufacturing experience, ATHEA®’s Food Service product line contains the highest-quality, and highest-performing products in the industry.

PRIVATE LABEL

With the ever-growing trend toward private label brands in both the consumer and commercial markets, ATHEA® is well-positioned to deliver on our customer’s needs. Today, over 90% of products ATHEA® ships are private labeled. A complete turn-key approach of chemical formulation and production, wipe converting and manufacturing, low minimums, the highest-quality artwork, nearly unlimited packaging options, fast turnaround, and strict confidentiality make ATHEA® the market leader in this category. Products not private labeled ship under the Total Solutions® brand. For those customers entering a new product category unsure of potential volume, or not wishing to register certain products when required by the EPA or FDA, the Total Solutions® brand is an ideal solution.
