TOTAL SOLUTIONS®

WASTEWATER and
SEWER TREATMENT

SEWER TRACING DYE

Fluorescent Yellow/
Green Color

- BIODEGRADABLE
- NON-POLLUTING

DESCRIPTION

This highly concentrated sewer tracing dye is formulated for use in all types of sewer flow studies and pollution investigations. It creates an intense fluorescent yellow/green color for maximum visibility under a wide variety of conditions. This dye contains biodegradable, non-toxic ingredients. When used at the proper dilutions, it is harmless to wildlife, and will not affect the operation of sewer treatment processes. Non-natural fluorescent color promotes safe use and aids in controlling public reactions.

DIRECTIONS

Apply dye as required for proper study of flow. 1 to 2 gallons will impart visible color to approximately 12,000 gallons of water.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions®
PO Box 240014 • Milwaukee, WI 53224 • 1-800-743-6417
