TOTAL SOLUTIONS®

RESILIENT FLOOR CARE

ANTI-STATIC SPRAY

Removes Static Electricity
From Carpets, Floors,
Upholstery, Work Surfaces,
CRT Screens and
Computer Equipment

• LONG LASTING

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions® • 1-800-743-6417
PO Box 240014 • Milwaukee, WI 53224 • athea.com

DESCRIPTION

This professional strength anti-static spray protects valuable data, eliminates memory loss, and other annoying computing errors caused by static electrical charge. It provides long lasting residual protection for reduced downtime and fewer glitches, and helps to reduce attraction of dust to CRT screens. Designed for use in offices, static sensitive computer areas, word processing and other electronic environments. This non-staining formula is made to be used on fabrics and hard surfaces found on and around computers.

DIRECTIONS

Carpet and Fabrics: Mist lightly but thoroughly over exposed surfaces. Do not soak. Allow to dry before using. Test material for water spotting before use. Treat casters and frames on rolling furniture.

Hard Floors: Dilute 1:5 with water and damp mop entire floor including access areas and lanes.

Hard Surfaces: Dampen a clean, lint-free cloth, wiping lightly over computer cabinets, CRT screens, rollers, chutes, guides and trays of printers, bursters, decollators, sorters and other equipment. Do not spray into vents, mechanical or electrical equipment.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.
