ENVIRO-CAUSTIC™ DRAIN OPENER

- THICKENED FORMULA SINKS & CLINGS TO POINT OF OBSTRUCTION
- HIGHLY EFFECTIVE AGAINST FATS, OILS, LINT & HAIR
- ODORLESS, BIODEGRADABLE, NONFLAMMABLE
- NSF REGISTERED

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions® • 1-800-743-6417
PO Box 240014 • Milwaukee, WI 53224 • athea.com

DESCRIPTION

This product is a true breakthrough in drain opener technology. This fast-acting product offers the performance of traditional caustic drain openers, but is biodegradable, odorless, and nonflammable. Its high density, thickened formula is heavier than water, so it sinks and clings to the blockage and begins working quickly. Highly effective against obstructions caused by fats, oils, lint and hair.

DIRECTIONS

Ensure cap is secured and invert container prior to use.

FOR SEWER MAINS:

Pour 2-4 gallons into manhole or drain upstream and as close to the obstruction as possible. For best results, use regularly to keep sewer main open and free flowing.

FOR LATERALS:

Pour 1 gallon into drain upstream and as close to the obstruction as possible.

FOR DRAINS:

Pour 1/2-1 quart slowly into the drain. Allow to work for 30 minutes. For difficult obstructions, a second application may be necessary.

Where there is a history of obstructions, the regular use of this product at weekly intervals (or more often if required) will keep the line open and free flowing.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.
