

# Brom 7.5 Herbicide Concentrate

Product # 317

Water-based residual concentrate

A highly dilutable, non-selective herbicide used to kill a wide range of annual and perennial weeds and grasses, including undesirable woody plants and brush. It offers a total kill with long-lasting residual action, so it is only recommended for non-cropland areas away from residential/recreational areas and desired woods, brush and foliage.

## Non-Selective Herbicide With Yearlong Residual Control:

- Non-cropland areas
- Around buildings
- Industrial sites
- Railroad rights-of-way
- Loading ramps
- Parking lots
- Fence rows
- Storage yards
- Tank farms

## Features and Benefits

- Use to control undesirable woody plants and brush
- Long-lasting residual action
- Highly dilutable formula
- Recommended for use only on non-cropland area
- The degree of control and duration depends on the amount of herbicide applied, soil type rainfall and other conditions

## Properties
