TOTAL SOLUTIONS®

INDUSTRIAL CLEANERS
and DEGREASERS

SOLVONENE 3

Powerful VOC-Compliant
Solvent Degreaser

- VOC-COMPLIANT FORMULA WITH d-LIMONENE
- REMOVES OIL, ADHESIVE, GREASE, TAR, AND ASPHALT
- EMULSIFIABLE FORMULA
- FRESH CITRUS SCENT
- CONCENTRATED FORMULA
- 3% d-LIMONENE

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions® • 1-800-743-6417
PO Box 240014 • Milwaukee, WI 53224 • athea.com

DESCRIPTION: This powerful solvent degreaser is the next-generation alternative to non-VOC compliant citrus-based products. The VOC-compliant formula removes heavy greases and oils, without damaging surfaces, while leaving a fresh citrus scent.

It cleans motor oil, adhesives, clean and dirty greases, tar, asphalt, and marker from concrete, stone, brick, masonry, metal and many plastics. Ideal for parts washers, the emulsifiable formula ensures fast penetration of deposits - simply flush with water to wash away emulsified dirt and grease.

Helps to prepare concrete floors for finishing, and even removes rubber carpet backing and adhesives without the harmful fumes of chlorinated solvent cleaners.

DIRECTIONS: Concentrated formula can be used full-strength for the toughest jobs, or diluted 1:10, 1:25, 1:40, or 1:60 for lighter jobs, depending on the severity of soil.

For normal cleaning: Spray onto surface to be cleaned. Allow to work until soils are loosened, then rinse with water.

For heavy-duty cleaning, including parts and tools: Dip parts to be cleaned into solvent. Allow to soak until soils are loosened. Remove and rinse with water. Air dry or use a compressed air gun to speed drying.

Do not apply undiluted directly to resilient flooring. For use on plastics, test in an inconspicuous area.

DISPOSAL: Dispose of contents/container to comply with local/regional/national/international regulations.

Please Recycle.
