

# d-SOLV PW

High-flash parts washer

Product # 490

Developed to safely remove grease, oil and tar from a variety of surfaces, this VOC compliant formula works quickly on metal parts without causing corrosion under normal conditions. A blend of natural and synthetic compounds that combine to produce a remarkably effective product. Natural terpene extracts have incredible solvency to cut through the most difficult deposits. Carefully selected solvents, chosen for their low toxicity and high solvency, complete this newest development in industrial solvents.
