Safety Data Sheet

SECTION 1: Product and company identification				
Product name	: Tank Saver			
Use of the substance/mixture	: Anti-corrosion agent			
Product code	: 0627			

FIGURE	. 0027	
Company	: Total Solutions	
	P.O. Box 240014	
	Milwaukee, WI 53224 - USA	٨
	T (414) 354-6417	
Emergency number	: Chemtec: (800) 424-9300	

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification

Skin Irrit. 2 H315 Eye Dam. 1 H318 Full text of H statements : see section 16

2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS05
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: Causes skin irritation Causes serious eye damage
Precautionary statements (GHS-US)	 Wash thoroughly after handling Wear eye protection, protective clothing, protective gloves If on skin: Wash with plenty of water If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a doctor, a POISON CENTER Specific treatment (see First aid measures on this label) If skin irritation occurs: Get medical advice/attention Take off contaminated clothing and wash it before reuse

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US) Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substance

Not applicable

Full text of H-phrases: see section 16

3.2. Mixture			
Name	Product identifier	%	GHS-US classification
sodium silicate (3.27) 38/40	(CAS No) 1344-09-8	7-13	Skin Irrit. 2, H315 Eye Dam. 1, H318

A specific chemical identity and/or percentage of composition has been withheld as a trade secret. Any concentration shown as a range is to protect confidentiality or is due to batch variation.

SECTION 4: First aid measures	
4.1. Description of first aid measures	
First-aid measures general	: If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation	: Remove the victim into fresh air.

ank Saver afety Data Sheet	TOTAL SOLUTIONS
First-aid measures after skin contact	 SOLOTIONS Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Wash contaminated clothing before reuse. If skin irritation or rash occurs: Get
First-aid measures after eye contact	medical advice/attention. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical
irst aid massures after indestion	advice/attention.
irst-aid measures after ingestion	: Rinse mouth with water. Do NOT induce vomiting.
.2. Most important symptoms and e ymptoms/injuries	ffects, both acute and delayed : Not expected to present a significant hazard under anticipated conditions of normal use.
ymptoms/injuries after inhalation	: None under normal use.
ymptoms/injuries after skin contact	: Causes skin irritation.
ymptoms/injuries after eye contact	: Causes serious eye damage.
ymptoms/injuries after ingestion	: Gastrointestinal complaints.
.3. Indication of any immediate mediate medi	lical attention and special treatment needed
ECTION 5: Firefighting measu	
.1. Extinguishing media	: All extinguishing media allowed.
.2. Special hazards arising from the ire hazard	: Not flammable.
eactivity	: The product is non-reactive under normal conditions of use, storage and transport.
3. Advice for firefighters	: Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed
refighting instructions	
	 Exercise califor when lighting any chemical line. Use water spray of log for cooling exposed containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting	containers. Take account of environmentally hazardous firefighting water.Do not enter fire area without proper protective equipment, including respiratory protection.
rotection during firefighting	containers. Take account of environmentally hazardous firefighting water.Do not enter fire area without proper protective equipment, including respiratory protection.
rotection during firefighting ECTION 6: Accidental release 1 .1. Personal precautions, protective	containers. Take account of environmentally hazardous firefighting water. : Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures
Protection during firefighting ECTION 6: Accidental release 1 .1. Personal precautions, protective	containers. Take account of environmentally hazardous firefighting water. : Do not enter fire area without proper protective equipment, including respiratory protection. measures
Protection during firefighting ECTION 6: Accidental release 1 .1. Personal precautions, protective General measures	containers. Take account of environmentally hazardous firefighting water. : Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures
Protection during firefighting ECTION 6: Accidental release in .1. Personal precautions, protective General measures .1.1. For non-emergency personnel	containers. Take account of environmentally hazardous firefighting water. : Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures
Protection during firefighting ECTION 6: Accidental release restrictions, protective General measures A.1.1. For non-emergency personnel Protective equipment	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk.
Protection during firefighting ECTION 6: Accidental release in 5.1. Personal precautions, protective General measures 5.1.1. For non-emergency personnel Protective equipment Emergency procedures	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing.
Protection during firefighting ECTION 6: Accidental release in .1. Personal precautions, protective General measures .1.1. For non-emergency personnel Protective equipment imergency procedures .1.2. For emergency responders	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area.
rotection during firefighting ECTION 6: Accidental release r .1. Personal precautions, protective seneral measures .1.1. For non-emergency personnel rotective equipment mergency procedures .1.2. For emergency responders rotective equipment	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing.
rotection during firefighting ECTION 6: Accidental release in 1. Personal precautions, protective ineneral measures 1.1. For non-emergency personnel rotective equipment mergency procedures 1.2. For emergency responders rotective equipment mergency procedures	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection.
rotection during firefighting ECTION 6: Accidental release of .1. Personal precautions, protective seneral measures .1.1. For non-emergency personnel rotective equipment mergency procedures .1.2. For emergency responders rotective equipment mergency procedures .2. Environmental precautions	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.
rotection during firefighting ECTION 6: Accidental release r 1. Personal precautions, protective eneral measures .1.1. For non-emergency personnel rotective equipment mergency procedures .1.2. For emergency responders rotective equipment mergency procedures .2. Environmental precautions woid release to the environment. Prevent	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.
rotection during firefighting ECTION 6: Accidental release r 1. Personal precautions, protective eneral measures .1.1. For non-emergency personnel rotective equipment mergency procedures .1.2. For emergency responders rotective equipment mergency procedures .2. Environmental precautions void release to the environment. Preve .3. Methods and material for contain	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.
rotection during firefighting ECTION 6: Accidental release re- eneral measures .1.1. For non-emergency personnel rotective equipment mergency procedures .1.2. For emergency responders rotective equipment mergency procedures .2. Environmental precautions void release to the environment. Preve .3. Methods and material for contain or containment	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.
rotection during firefighting ECTION 6: Accidental release of 1. Personal precautions, protective eneral measures 1.1. For non-emergency personnel rotective equipment mergency procedures 1.2. For emergency responders rotective equipment mergency procedures 2. Environmental precautions void release to the environment. Preve 3. Methods and material for contain or containment lethods for cleaning up 4. Reference to other sections	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area.
rotection during firefighting ECTION 6: Accidental release of the seneral measures and the seneral measures by the se	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area. entry to sewers and public waters. ment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation.
Protection during firefighting ECTION 6: Accidental release in a.1. Personal precautions, protective General measures a.1.1. For non-emergency personnel Protective equipment Emergency procedures a.1.2. For emergency responders rotective equipment Emergency procedures a.2. Environmental precautions avoid release to the environment. Preve a.3. Methods and material for contain or containment Methods for cleaning up a.4. Reference to other sections lo additional information available ECTION 7: Handling and storage	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area. entry to sewers and public waters. ment and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation.
rotection during firefighting ECTION 6: Accidental release rel	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area. Internet and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation.
Protection during firefighting ECTION 6: Accidental release in .1. Personal precautions, protective General measures .1.1. For non-emergency personnel Protective equipment Imergency procedures .1.2. For emergency responders Protective equipment Imergency procedures .2. Environmental precautions Invoid release to the environment. Preve .3. Methods and material for contain or containment Pethods for cleaning up .4. Reference to other sections Io additional information available ECTION 7: Handling and storag .1. Precautions for safe handling	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area. Internet and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. ge Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing.
rotection during firefighting ECTION 6: Accidental release is an easures an e	 containers. Take account of environmentally hazardous firefighting water. Do not enter fire area without proper protective equipment, including respiratory protection. measures equipment and emergency procedures Isolate from fire, if possible, without unnecessary risk. Protective goggles. Gloves. Protective clothing. Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. Equip cleanup crew with proper protection. Stop leak if safe to do so. Stop release. Ventilate area. Intent and cleaning up Contain released substance, pump into suitable containers. This material and its container must be disposed of in a safe way, and as per local legislation. ge Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke
rotection during firefighting ECTION 6: Accidental release re- eneral measures 1.1. For non-emergency personnel rotective equipment mergency procedures 1.2. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse.

Safety Data Sheet

8.1. Control parameters

No additional information available

8.2. Exposure controls

Appropriate engineering controls Personal protective equipment

- : Ensure good ventilation of the work station.
 - Gloves. Protective clothing. Safety glasses. Use appropriate personal protective equipment when risk assessment indicates this is necessary.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chem	nical	properties
Physical state		Liquid
Appearance	:	Cloudy. clear.
Odor	:	No odor
Odor threshold	:	No data available
рН	:	11 - 14
Melting point	:	No data available
Freezing point	:	No data available
Boiling point	:	212 °F
Flash point	:	> 200 °F Closed Cup
Relative evaporation rate (butyl acetate=1)	:	No data available
Flammability (solid, gas)	:	No data available
Explosion limits	:	No data available
Explosive properties	:	No data available
Oxidizing properties	:	No data available
Vapor pressure	:	No data available
Relative density	:	No data available
Relative vapor density at 20 °C	:	No data available
Specific gravity / density	:	1.1 g/ml
Solubility	:	Soluble in water.
Log Pow	:	No data available
Log Kow	:	No data available
Auto-ignition temperature	:	No data available
Decomposition temperature	:	No data available
Viscosity	:	No data available
Viscosity, kinematic	:	No data available
Viscosity, dynamic	:	No data available
VOC content	:	0 %

SECTION 10: Stability and reactivity

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability Stable under normal conditions.

10.3. Possibility of hazardous reactions

Refer to section 10.1 on Reactivity.

10.4. Conditions to avoid

Refer to Section 10 on Incompatible Materials.

10.5. Incompatible materials

Acids.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Safety Data Sheet

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity

: Not classified

sodium silicate (3.27) 38/40 (1344-09-8)	
LD50 oral rat	> 2000 mg/kg (Rat)
Skin corrosion/irritation	: Causes skin irritation.
	pH: 11 - 14
Serious eye damage/irritation	: Causes serious eye damage.
	pH: 11 - 14
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity – single exposure	: Not classified
Specific target organ toxicity – repeated exposure	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: None under normal use.
Symptoms/injuries after skin contact	: Causes skin irritation.
Symptoms/injuries after eye contact	: Causes serious eye damage.
Symptoms/injuries after ingestion	: Gastrointestinal complaints.
Likely routes of exposure	: Skin and eye contact

SECTION 12: Ecological information 12.1. Toxicity sodium silicate (3.27) 38/40 (1344-09-8) EC50 Daphnia 1 216 mg/l (EC50; 96 h) 3185 mg/l (LC50; 96 h) LC50 fish 2 12.2. Persistence and degradability sodium silicate (3.27) 38/40 (1344-09-8) Persistence and degradability Biodegradability: not applicable. No (test)data on mobility of the components available. Biochemical oxygen demand (BOD) Not applicable Chemical oxygen demand (COD) Not applicable ThOD Not applicable 12.3. Bioaccumulative potential sodium silicate (3.27) 38/40 (1344-09-8) Bioaccumulative potential Bioaccumulation: not applicable. **SECTION 13: Disposal considerations**

13.1. Waste treatment methods

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT : Additional information	Not regulated for transport
Other information	: No supplementary information available.
ADR	
No additional information av	vailable
Transport by sea	

No additional information available

Safety Data Sheet

Air transport

UN-No. (IATA)

: Not regulated for transport

SECTION 15: Regulatory information

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain substances known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Oth	er inf	ormation
Training advice		: Normal use of this product shall imply use in accordance with the instructions on the packaging.
Full text of H-phrases	3:	
H315		Causes skin irritation
H318		Causes serious eye damage
NFPA health hazard		Intense or continued exposure could cause temporary incapacitation or possible residual injury less prompt medical attention is given.
NFPA fire hazard NFPA reactivity		Materials that will not burn. Normally stable, even under fire exposure conditions, and are not reactive with water.

Prepared by: Technical Department

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product. No warranty is expressed or implied regarding the accuracy of this data or the results obtained from the use thereof. Our company assumes no responsibility for personal injury or property damage to the vendee, users or third parties caused by the material. Such vendees or users assume all risks associated with the use of this material.
