TOTAL SOLUTIONS®

INDUSTRIAL CLEANERS
and DEGREASERS

GENERAL PURPOSE POWDERED DETERGENT

Heavy Duty,
Multi-Purpose Cleaner

- HIGH SUDS EVEN IN HARD WATER
- FREE-RINSING
- BIODEGRADABLE

DESCRIPTION

This powdered car wash removes tough dirt and soil from vehicles. It restores a bright luster, and dries spotless and film free. It can be used manually or in automatic washers.

DIRECTIONS

For the best results, wash vehicles in a protected or shady area, and not in direct or hot sunlight. Use 2-6 ounces of detergent per gallon of warm or hot water. Spray, mop or sponge the cleaner solution onto wet vehicle and allow to work for several minutes. Rinse thoroughly with clean water. To avoid streaking, always start washing the lower soiled surfaces and move to the upper surfaces.

This powdered car wash detergent may also be used in automatic washers. Use 1-3 ounces per gallon of water in the wash tank, or follow the instructions provided by the equipment manufacturer.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

KEEP OUT OF REACH OF CHILDREN
