TOTAL SOLUTIONS[®]

WASTEWATER and
SEWAGE TREATMENT

PURE EZ[™] LIFT

FLOATING LIFT STATION
DEGREASER

- STRIPS GREASE AWAY THE ALL-NATURAL WAY

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions[®]
PO Box 240014 • Milwaukee, WI 53224 • 1-800-743-6417

DESCRIPTION

This product does not mix with water allowing it to float on the surface of wastewater contained in the lift station. It will rise and fall with the level of wastewater to keep walls, pumps, hoses, etc. clean and functioning properly. The special soybean oil derivative does not evaporate as quickly as other solvents, so it remains on the surface of the wastewater longer to penetrate and dissolve wastewater deposits.

DIRECTIONS

Simply pour product into the lift station. Use approximately 1/2 gallon for every square foot of wastewater surface area.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

NFPA[®] RATINGS

Health: 1; Flammability: 1; Reactivity: 0

CONTAINS/CAS NUMBER: Methyl Ester of Soybean Oil/67784-80-9;
