

Pure EZ™ Lift

Product # 701

All-natural floating lift station degreaser

This product is a powerful soy-based lift station degreaser, containing 95% soy and 5% d-limonene. It floats on top of the water surface, rising and falling with the level of the water. It effectively dissolves heavy grease and fat accumulations on walls, and creates an odor barrier with a pleasant citrus scent. High soy content raises the flash point over traditional d-limonene-based products, for longer life. Green color indicator. 100% biodegradable formula. Will not harm bacterial action in sewage treatment plants.

Use in Lift stations:

Keeps walls, pumps and hoses clean and functioning properly

Effective Against:

- Floating grease balls
- Heavy oil accumulation
- Annoying odors

Directions

Complete directions on product label
Use approximately 1/2 gallon for each square foot of water surface. The special floating formula washes down the sides of the lift station as the water level rises and falls.

For circular lift stations calculate the square feet of water surface using this formula:
 $3.1415 \times r^2 = \text{surface area}$
 $r = \text{the radius in feet.}$
