TOTAL SOLUTIONS®

WET WIPES

PROTECTANT WIPES

Conditions, Beautifies
and Protects

- USE ON LEATHER, VINYL, PLASTIC AND RUBBER

KEEP OUT OF REACH OF CHILDREN**DESCRIPTION**

These wipes are the fast and easy way to clean and protect your vehicle's surfaces. Premoistened with an advanced water-based silicone formula, these wipes condition and protect leather, vinyl, plastic and rubber surfaces, both inside and outside the vehicle, and clean and restore the surface's original shine.

These wipes keep dashboards from drying, cracking and fading under the intense rays of the sun. They also clean and restore the "showroom shine" to parts: side moldings, rubber bumpers, cup holders, door and window seals, and even plastic hub caps. Plus, they have a special added anti-static ingredient that repels dust and keeps surfaces looking new long after they've been cleaned.

DIRECTIONS

Wipe down all surfaces and allow to dry to the touch. Discard the towel after use.

NOTE: Do not use on or near clear plastic. Do not use on steering wheels, pedals, and other instrumentation where slipperiness may present a hazard.

DIRECTIONS FOR DISPENSING

1. Remove lid by lifting upward.
Remove foil seal.
2. Pull towel from center of the roll and thread through "X" on the underside of the lid.
3. Close lid. Pull towel at 90° angle.
4. Snap hinged cap back into place to ensure towels stay moist.

**DISPOSAL**

Offer empty container for recycling. If recycling is not available, discard container in trash. Do not flush wipes.

NET CONTENTS: 40

10" x 12" (25.40 cm x 30.48 cm) Premoistened Wipes
