KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 40

9.5" x 12" (24.13 cm x 30.48 cm) Premoistened Wipes

Manufactured By: Total Solutions® • 1-800-743-6417
PO Box 240014 • Milwaukee, WI 53224 • athea.com

DESCRIPTION

These wipes are premoistened with a powerful formula designed to clean and polish stainless steel surfaces while protecting them against the damaging effects of oxidation and corrosion.

They will remove hard-water stains, smudges, fingerprints, food spills and residue from virtually any stainless steel surface or appliance. As they clean, they also brighten, polish and protect the surface with a clear coating that acts as a protective shield.

These wipes also work on other types of metals including brass, silver, chrome, and copper.

DIRECTIONS

Scrub surface with abrasive side of towel until stains and deposits disappear. Use the smooth side to wipe the surface clean. Discard used towel. For a super shine, buff lightly with a soft, dry towel after application.

DIRECTIONS FOR DISPENSING

1. Remove lid by lifting upward. Remove foil seal.
2. Pull towel from center of the roll and thread through "X" on the underside of the lid.
3. Close lid. Pull towel at 90° angle.
4. Snap hinged cap back into place to ensure towels stay moist.

DISPOSAL

Dispose of contents/container to comply with local/national/international regulations. Do not flush wipes.
