

DESCRIPTION

This product is a hydroxide alkalinity builder and sludge conditioner designed to increase alkalinity in conjunction with other treatments. It improves the properties of other boiler water products by helping to stabilize the pH within a boiler.

Do not breathe mist, spray. Wash thoroughly after handling. Wear eye protection, protective clothing, protective gloves. Wash contaminated clothing before reuse.

IF SWALLOWED: rinse mouth. Do NOT induce vomiting. **IF ON SKIN (OR HAIR):** Take off immediately all contaminated clothing. Rinse skin with water/shower. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor, a POISON CENTER.

Store locked up.

DISPOSAL

Dispose of contents/container to comply with local/regional/national/international regulations.

*For industrial and commercial use only.
For additional information, see Safety Data Sheet.*

TOTAL SOLUTIONS®

WATER TREATMENT

ALKA TREAT

Stabilizes the pH of the Boiler Water

- ENHANCES CORROSION INHIBITION

DANGER

Causes severe skin burns and eye damage.

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: One Gallon (128 fl. oz.)

Manufactured By: Total Solutions®
PO Box 240014 • Milwaukee, WI 53224 • 1-800-743-6417

DIRECTIONS

The product dosages will vary depending on how soft the makeup water is, the amount of condensate returned to the boiler, and the feedwater alkalinity levels. Normal application rates should try to maintain a hydroxide (OH) alkalinity level between 200 - 400 ppm.

May be fed on a "one-shot" basis or with an automated continuous feed system. Gradual and continuous feeding is recommended for industrial processes and other large boilers. It may be mixed with other boiler treatment chemicals and diluted with water for convenient feeding.

NFPA® RATINGS

Health: 3; Flammability: 0; Reactivity: 0

CONTAINS/CAS NUMBER: Water/7732-18-5; Sodium Hydroxide/1310-73-2; Proprietary/Mixture; Sodium Chloride/7647-14-5
