DESCRIPTION

This powerful solvent degreaser is the next-generation alternative to non-VOC compliant citrus-based products. The VOC-compliant formula removes heavy greases and oils, without damaging surfaces, while leaving a fresh citrus scent.

It cleans motor oil, adhesives, clean and dirty greases, tar, asphalt, and marker from concrete, stone, brick, masonry, metal and many plastics. Ideal for parts washers, the emulsifiable formula ensures fast penetration of deposits - simply flush with water to wash away emulsified dirt and grease.

Helps to prepare concrete floors for finishing, and even removes rubber carpet backing and adhesives without the harmful fumes of chlorinated solvent cleaners.

DIRECTIONS

Spray onto surface to be cleaned. Allow to work until soils are loosened, then rinse with water.

Do not apply directly to resilient flooring. For use on plastics, test in an inconspicuous area.

KEEP OUT OF REACH OF CHILDREN.

NFPA® RATINGS:

Health: 2; Flammability: 4; Reactivity: 0
