

NEW PRODUCT CATEGORY! VOC COMPLIANT D-LIMONENE ALTERNATIVES

Powered by all natural dipentene, Athea's d-Limonene alternatives provide true replacements for a high-flash parts washer, a heavy-duty, emulsifiable degreaser, and a floating lift station degreaser without the price tag of traditional d-Limonene based products.

#490 *d-SOLV PW* ***High-flash parts washer***

Developed to safely remove grease, oil and tar from a variety of surfaces, it works quickly on metal parts without causing corrosion under normal conditions. A blend of natural and synthetic compounds that combine to produce a remarkably effective product. Natural terpene extracts have incredible solvency to cut through the most difficult deposits. Carefully selected solvents, chosen for their low toxicity and high solvency, complete this newest development in industrial solvents. VOC compliant in all 50 states.

#491 *d-SOLV HD* ***Heavy-duty, emulsifiable degreaser***

This product contains all-natural dipentene, which is derived from natural terpene extracts. This product is ideal for use as an emulsifiable parts washing solvent. VOC compliant in all 50 states.

#492 *d-SOLV LS* ***Floating lift station degreaser with red indicator***

A highly-effective and all-natural solution for covering offensive odors and eliminating grease accumulation in lift stations. Carefully selected solvents, chosen for their low toxicity and high solvency, combine to form a non-emulsifying formula that floats on the surface of water to reduce offensive odors. As water levels rise and fall, it coats all lift station surfaces and removes heavy grease deposits from lift station walls. Dye indicates when additional product should be added and this formula will not disrupt biological treatment processes. VOC compliant in all 50 states.

#495 *d-SOLV Clear* ***Powerful multi-purpose degreaser***

d-SOLV Clear degreaser combines the latest solvent technology with other key ingredients to make a multi-purpose degreaser that has the environmental attributes you want with the degreasing power you need. d-SOLV Clear allows you to tackle all of your industrial degreasing needs with one convenient product that's easy on the environment and personnel, but tough on grease.
