

FLOOR CARE

THE ATHEA® ADVANTAGE

ATHEA's Floor Care line is a comprehensive collection of finishes, sealers and maintainers to keep floors lasting and looking new. From 16% - 22% solids finishes to neutral cleaners, baseboard strippers and dustmop treatments, to peroxide cleaners and carpet wipes, all products are designed to perform at the industrial level that you demand.

ATHEA's established reputation for building the highest-quality products comes from 50 years of manufacturing experience. The result is a product line that works harder than others. Peroxide products have built-in stabilizers for higher pH and longer shelf life; butyls are formulated at a higher level; products are task-specific rather than one-size-fits-all.

PRIVATE LABEL

With the ever-growing trend toward private label brands in both the consumer and commercial markets, ATHEA is well-positioned to deliver on our customer's needs. Today, over 90% of products ATHEA ships are private labeled. A complete turn-key approach of chemical formulation and production, wipe converting and manufacturing, low minimums, the highest-quality artwork, nearly unlimited packaging options, fast turnaround, and strict confidentiality make ATHEA the market leader in this category. Products not private labeled ship under the Total Solutions® brand. For those customers entering a new product category unsure of potential volume, or not wishing to register certain products when required by the EPA, the Total Solutions® brand is an ideal solution.
